

I am a Southbury resident and a commercial real estate broker primarily serving Fairfield and New Haven Counties. I support any initiative to help restore our city/town centers which were once the cultural focus of our communities. Most of the central business districts need support to improve their relevance to our residents and establishing renaissance districts can increase downtown commercial activity, strengthening commercial real estate occupancy and values.

Thank you for considering my input; please feel free to call me if you have any questions or would like to discuss my position further.
